

How to Add Telemarketer in JIO DLT for PE-TM Binding Chain?

The Telecom Regulatory Authority of India (TRAI) has revised its guidelines to improve accountability and transparency in the telemarketing sector.

Now, the Principal Entity (PE) must establish a formal connection with telemarketers through the Distributed Ledger Technology (DLT) portal.

This connection is crucial for creating a binding relationship within the PE-TM (Principal Entity – Telemarketer) framework.

In this guide, we will explain how to add a telemarketer in [JIO DLT](#) for the PE-TM binding chain.

How to Add Telemarketer in JIO DLT for PE-TM Binding Chain?

If you are registered at the **JIO DLT portal** you may need to add a telemarketer in JIO DLT for PE-TM Binding Chain in the following manner:

1. Login to [“JIO DLT”](#)

2. Click on **“My Telemarketer”** and select **“My SMS Telemarketer”**

3. Click on “New Chain”

4. Search the telemarketer by entering the Telemarketer ID: 1002884117264848 as SOLV TECHNOLOGIES (Primary and Mandatory) & 1002591355509194638 as Log2X Technologies Pvt Ltd and submit the chain request.

5. Select the “telemarketer ID”
